

## Becoming Citizens

According to our recent survey of Panel Members, more than 60% of you are thinking about applying for citizenship of the EU country you live in.

We'd like to understand more about what citizenship means to you, whether you are thinking about applying for citizenship elsewhere in the EU27 or not. Topics you could cover include:

- What does citizenship mean to you? What would it mean to change your citizenship or to take dual nationality?
- What do you know about the process of applying for dual nationality/citizenship in the country you live?
- If you have started or completed this process of becoming a citizen of another nation-state, can you explain your reasons and describe your experience?
